

Lira School

*A **night** and **weekend** school made accessible to professionals*

Step deeper into a life of intimacy with Father, receive revelation from the Holy Spirit and grow in your authority in Jesus Christ.

Francis and Mildred Lira have been teaching for 18 years. In Brazil, they run their own 4 month school aimed to bring revitalization, prophetic revelation, truth, impartation and activation to the lives of those who are hungry for more of God. Francis has ministered with Heidi Baker, TL Osborn, Mel Teri and many others. He has taught at Iris Ministries missions schools and has become a regular visitor to South Africa.

Now you in Cape Town are invited to join this 4 week, Part 1 school and begin to experience what many others have enjoyed.

During the school, Francis will address questions like:

Am I living out God's purpose in my life or am I just adapting to life's circumstances?
What are my spheres of influence and how do I develop my spiritual authority and government in those areas?
How deep is my relationship with God, both practically and effectively?
How does my spiritually mature affect your spiritual inheritance?

Sounds great! When is this happening?
